

# National Weather Service Tampa Bay Area, Florida

## Clearwater Distance Classic Issued: 5 am January 21, 2017

### Overview:

A storm system will move through the region this weekend, with rain chances beginning to increase early this evening, and strong to possibly severe thunderstorms Sunday and Sunday night.

### Watch, Warnings, Advisories:

- High Risk of Rip Currents beginning 10 am this morning through Monday evening.

### Impacts:

- A few showers or thunderstorms will be possible in the Clearwater area beginning around sunset tonight.
- Strong to severe thunderstorms will then be possible Sunday, with damaging wind gusts, frequent lightning, large hail, and perhaps an isolated tornado or waterspout all possible.
- Strong onshore winds will produce rough surf with dangerous rip currents beginning this morning and continuing through the early part of the week.
